

Breck Breckenridge Ski Resort is made up five distinct peaks, each with its own characteristics and features.

Peak 10 Accessed by the 6-passenger Falcon SuperChair, this expert's only peak offers steep and fast groomers, moguls and rugged natural and gladed terrain.

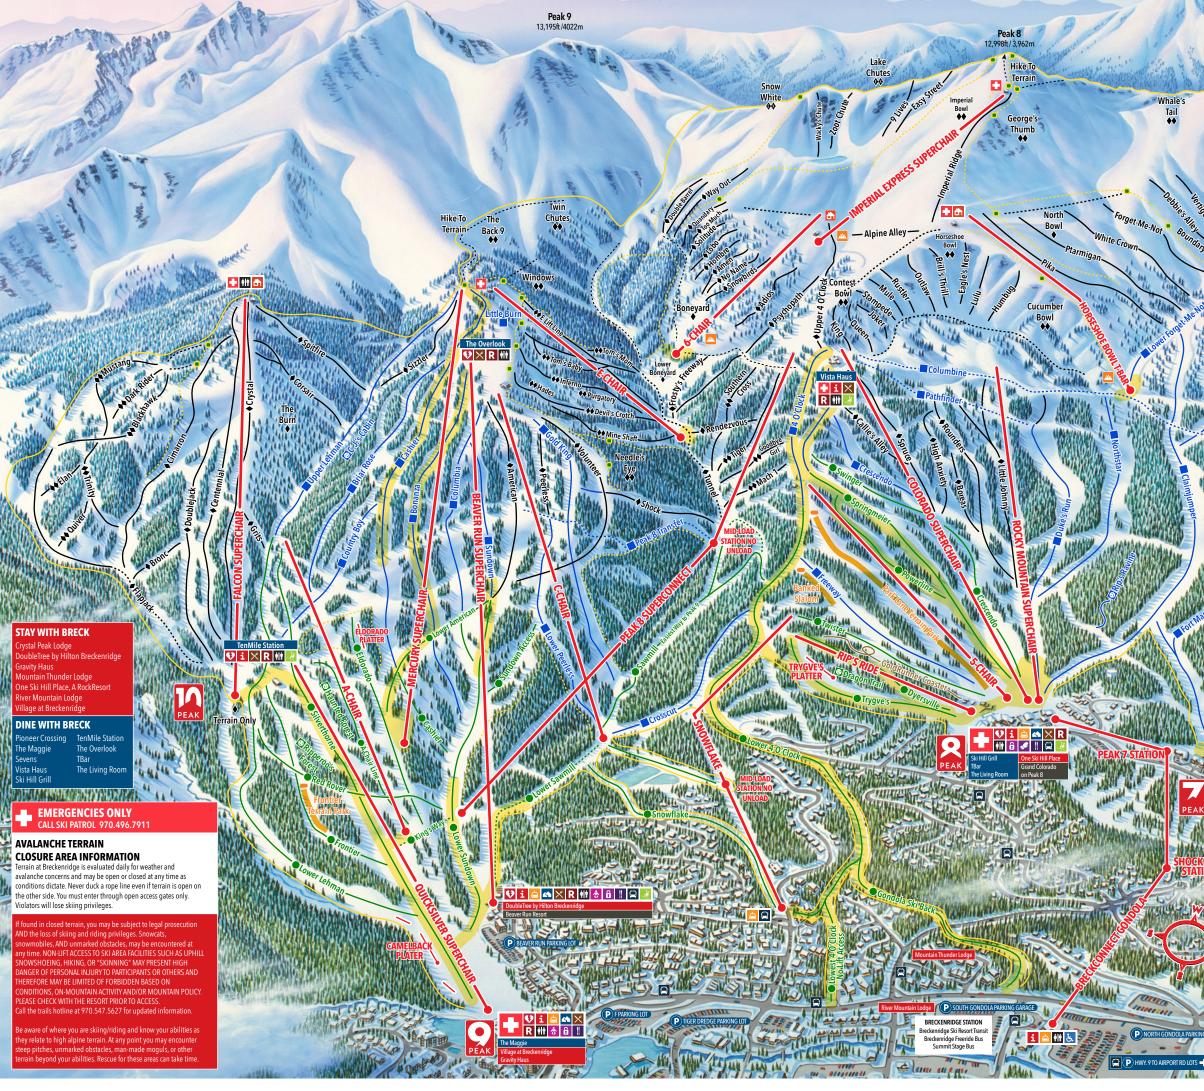

**Peak 9** One of the best places to learn to ski and ride! The lower half of Peak 9 offers mellow learning terrain and family-friendly zones, while the upper half offers wide-open intermediate runs that foster progression. Peak 9 provides easy access to a variety of lifts and terrain, including Peaks 8 and 10.

Breckenridge Ski Resort is operated under a special-use permit with the White River National Forest.

Below treeline, Peak 7 is an intermediate's paradise serviced by the Independence SuperChair and the brand-new Freedom SuperChair. Take it up notch and above treeline with the Tbar and Imperial Express and find Peak 7 heaven in the high alpine, with steep and expansive bowl skiing.

In 2013, Breck's signature Five Peaks came to life with the opening of Peak 6! Here, advanced-intermediates can get their first high alpine experience and experts can take on heart-pounding, no-fall-zones in the Six Senses.
